

BUMBELLBEE-2:

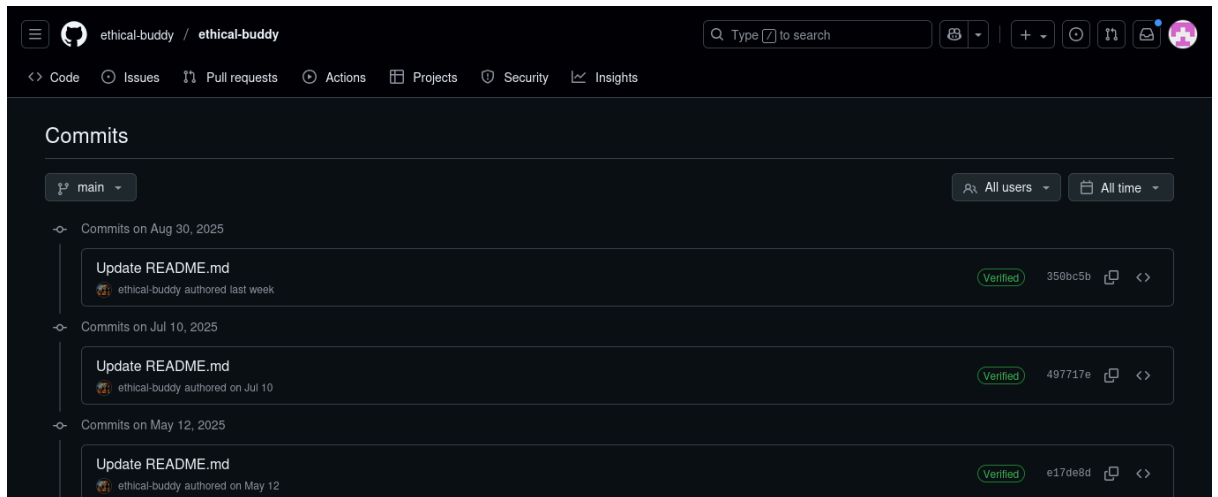

Description: He's Back. Check the last CTF . Who is this Bumbellbee

Check for the latest techniques he used for hacking.

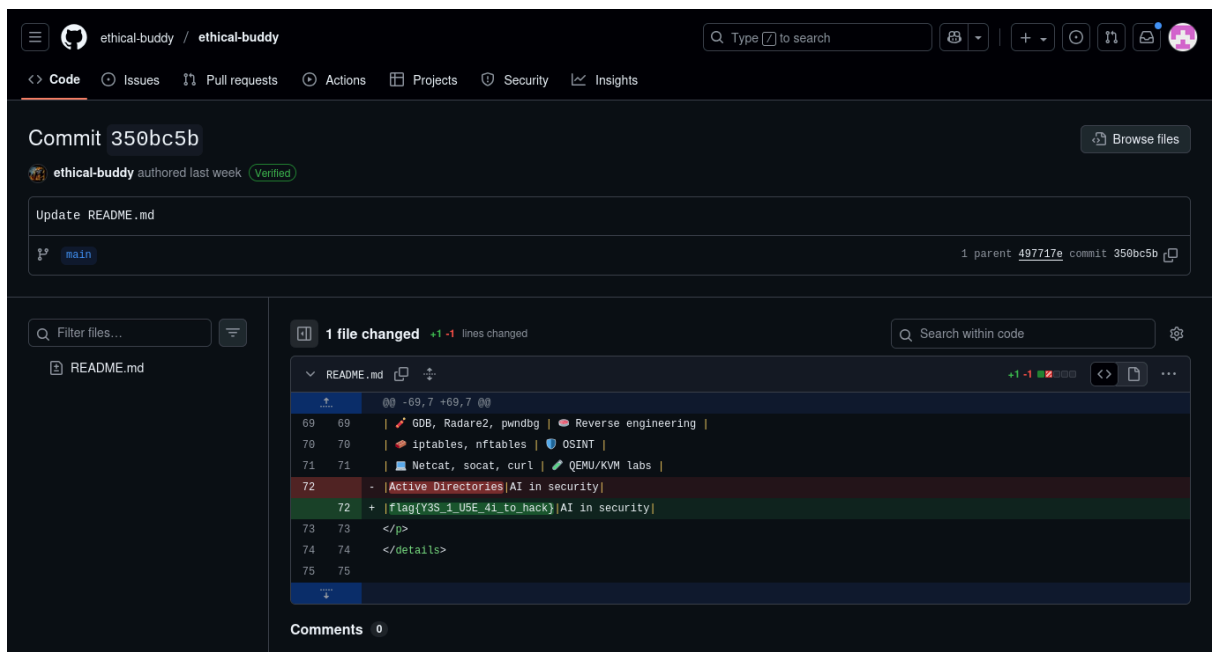

1. In Last CyberSecureX CTF held on june 2025, bumblebee was found to be a user on internet names "ethical-buddy".
2. I visited his github again, and found:

3. Last commit was done 1 week ago which is suspicious, so i checked the recent commits:

Click on recent commit on Aug 30, date a day before this CTF event.

FOUND THE FLAG!!
